Credit Union Gift Cards Make Great Holiday Gifts

Available at all our branches.

Arriving October 8, 2013...

THE NEW REDESIGNED \$100 BILL

In order to keep counterfeiting low, the U.S. government continues to enhance the security of its currency. The redesigned \$100 note introduces two advanced security features: the **3-D Security Ribbon** and the **Bell in the Inkwell**. It also includes several highly effective features used in other U.S. denominations, such as the portrait watermark and security thread.

The new bills will be released on Tuesday, October 8, 2013. Although they are replacing the current bills, all U.S. currency remains legal tender, regardless of when it was issued.

Snowbirds and travelers...

LET YOUR CU KNOW WHERE YOU'RE GOING

If you're going south for the winter or if you're going on vacation, please let us know so we can notify the debit card and/or credit card companies. They monitor the accounts and when there is activity outside the home area, they often will block the account until they can reach the card holder. It's a great security feature, but can be a little embarrassing when you're in a Walmart line in Arizona and your card won't go through.

By letting us know, you will have the freedom to use your card in other areas and it will make your time away from home much more pleasant.
