Diane Dieter and Belinda Sanders to Retire This Summer

Mark your calendars for the Retirement Parties

By: Linda Givan, President

A while back Diane Dieter and Belinda Sanders, two of the first employees I hired as I began my career at the credit union, told me they would be retiring in a couple of years. Needless to say, I was sorry to hear the two employees with the most tenure at the credit union would be leaving in the same year. Together, Diane and Belinda have over 60 years of experience at the credit union, and it is no stretch to say they grew up with the credit union. I knew I had a lot of planning to do to fill the void and started planning almost immediately.

Diane and Belinda have always been willing to roll up their sleeves and do whatever was necessary to make the credit union a success. In all of these years, no matter what needed to be done, neither one of them ever said that something was not their job. Both have basically done everything there is to do when it comes to helping our members; at times working totally alone in a branch office. They are both problem-solvers and have been there to help our members with their financial needs all along the way.

Belinda and Diane believe 100% in the credit union and co-operative philosophy of "People Helping People." They both have been willing to lobby our legislators when proposed legislation threatens our credit union's ability to complete the "People Helping People" mission.

Mere words alone cannot thank them enough for their devotion and contributions to this credit union, its members and the credit union movement in general. Without them the Co-op Credit Union would not be where it is today. Over the years they have been my sounding board, and I have bounced many ideas off of them concerning new services, etc. I always knew they would give me an honest answer. I will miss both of them very much.

**We will be having open house retirement parties for each of them, so mark your calendars and join us to help them celebrate the new phase of their life's journey.
