

APRIL IS NATIONAL CREDIT UNION YOUTH MONTH!

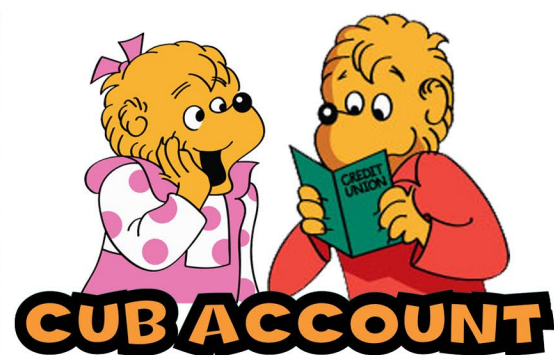

In April, Co-op Credit Union is celebrating Credit Union Youth Month, which is a program that helps teach and encourage kids to develop good financial habits. The theme this year is "The Science of Saving," showcasing fun, sci-fi inspired characters.

Every child dreams about their future. Some of those dreams may require money to come true. How do you help your children achieve their dreams? One way is to help them learn how to save their money.

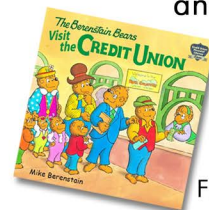

This year's Youth Month theme inspires children to begin saving the money they earn so they can attain their dreams of a happy future. Science has proven that if you start with small goals, say committing to put \$10 in a savings account every week, saving your money can become a regular habit. Over time, you can gradually increase the amount by a dollar or two.

To encourage our young members to become savers, every member under the age of 18 who makes a deposit during the month of April will receive an entry to win a **Kindle Fire**. Watch for details on our website regarding other ways to get your child involved in our activities for Credit Union Youth Month.
